

PRESS RELEASE

ACOTEL GROUP: on line with Noverca from early 2009.

Acotel Group announces that Noverca Italia Srl, the company in which Intesa Sanpaolo has an interest, is completing preparations for the start-up of operations and that the commercial launch of the new mobile virtual operator is planned for early 2009.

The company's logo is the same as the one already used on the www.noverca.com website, which has been offering VoIP (Voice over Internet Protocol) services for some time now.

noverca
see the next future

At the launch date the company will begin distributing the SIM cards that will enable its customers to access all the usual mobile services (voice, text, data transmission, roaming, etc.), in addition to other added value services, some developed in collaboration with Intesa Sanpaolo and related to mobile banking.
