1. PROFILE OF THE ISSUER

Acotel Group SpA is the Parent Company of the Acotel Group, a group of companies whose businesses include the provision of value added mobile services, the sale of mobile messaging solutions, the development and installation of remote surveillance and security systems and, from 2009, the supply of MVNO (Mobile Virtual Network Operator) services in Italy.

Through its subsidiaries, the Acotel Group supplies value added services to over 60 million mobile users both in partnership with leading mobile operators in Europe, Latin America, the USA and the Middle East, and selling directly to end customers.

Acotel Group SpA is based in Rome and operates internationally via its investee companies located in New York, Dublin, Rio de Janeiro, Sao Paolo, Madrid, Dubai, Beirut, Amman, Istanbul, Kuala Lumpur, Bucharest, Nairobi, Panama, Johannesburg and Jakarta.

The Group employed 453 people at 31 December 2009.

CORPORATE GOVERNANCE

The Acotel Group SpA's corporate governance system is based on the so-called traditional model, in which the Board of Directors is responsible for management of the Company's operations, the Board of Statutory Auditors is responsible for supervisory functions and the independent auditors appointed by the General Meeting of shareholders for auditing the Company's accounts.

The Board appoints a Chief Executive Officer (CEO) with responsibility for managing the Company, assigning him all the necessary executive powers. The CEO is assisted by two executive Directors, who are assigned powers in keeping with their respective roles.

The Board has instituted two Board Committees with consultative and advisory functions: the Remuneration Committee and the Internal Audit Committee, both of which have four members, all of which are non-executive and three of which are independent.

This report describes the corporate governance system adopted by the Acotel Group, which is based on the Corporate Governance Code published in March 2006 (the Code) and the Format for Corporate Governance Reports issued by Borsa Italiana SpA in February 2010.

2. INFORMATION on the OWNERSHIP STRUCTURE (pursuant to art. 123 bis, paragraph 1 of the CFA)

a) Share capital structure

At 31 December 2009 the fully subscribed and paid-up share capital of Acotel Group SpA amounts to 1,084,200 euros, and consists of 4,170,000 ordinary shares with a par value of 0.26 euros each.

The Company has not issued other categories of share or other financial instruments granting the right to subscribe newly issued shares. Similarly, it does not use share incentive plans (share options, share grants, etc.) involving capital increases, including bonus issues.

b) Restrictions of the transfer of securities

There are no statutory restrictions on the transfer of securities, such as, for example, limits on share ownership or the need to obtain the agreement of the Issuer or of other shareholders.

A description of the limits on the transfer of securities agreed to by the shareholders of Clama Srl and Clama SA, as part of the Investment Agreement entered into with Intesa SanPaolo SpA on 28 December 2007, is provided in point g) below.

c) Major shareholdings

e) Employee share ownership: mechanism for exercising voting rights

The Company has not introduced any form of employee share ownership.

f) Restrictions on voting rights

There are no restrictions on voting rights.

g) Shareholder agreements

On 28 December 2007 Clama Srl, Clama SA, Acotel Group SpA (“Acotel”) and Intesa Sanpaolo SpA (“ISP”) signed an “Investment Agreement” containing, among other things, shareholder agreements of relevance to article 122 of the CFA. The agreements regard (i) the exercise of voting rights in Acotel by Clama Srl, Clama SA and ISP; and (ii) certain limits on the transfer of Acotel shares owned by Clama Srl and Clama SA.

In execution of the above Agreement, on 9 May 2008 Acotel sold ISP 198,075 treasury shares, representing 4.75% of its share capital.

A fuller description of the agreements contained in the Investment Agreement is provided in the announcement published in the daily newspaper, Milano Finanza, on 5 January 2008 and attached to this report.

h) Change of control covenant

The agreements referred to in point g) include a commitment from Clama Srl and Clama S.A to maintain their control of Acotel Group SpA for a period of three years.

i) Authority to increase the share capital and to repurchase own shares

The Board of Directors has not been granted any authority to increase the share capital pursuant to art. 2443 of the Italian Civil Code and cannot issue participating financial instruments.

The Ordinary General Meeting of Acotel Group SpA’s shareholders held on 24 April 2009 granted the Board the authority:

- to repurchase, in accordance with the legislation and regulations in force, ACOTEL GROUP shares at unit prices no more than 10% higher or 20% below the official price registered by ACOTEL GROUP’s shares during the exchange

trading day prior to each individual transaction, and to dispose of the own shares purchased at their discretion;

- to sell the shares held, in any number of transactions, according to market opportunities, for a consideration of no less than 90% of the weighted average purchase price.

The above authority to purchase and dispose of own shares was granted to the Board for a period of 18 months from 14 May 2009, the date on which the similar authority granted by the General Meeting of shareholders of 14 November 2007 expired.

I) Management and coordination

Despite being a subsidiary of Clama Srl pursuant to art. 2359, paragraph 1, point 2 of the Civil Code, Acotel Group SpA is not subject to management and coordination either by the parent or by other companies or entities, given that it does not receive instructions from third parties, but has fully independent control over its general and operating policies.

With regard to management and coordination activities carried out by the Issuer in respect of its investee companies, such activities regard the establishment of general and operating policies, the definition and monitoring of their internal control systems, governance models and organizational structures, and the establishment of shared policies for the management of human and financial resources.

The management and coordination activities conducted by the Parent Company enable its subsidiaries, who maintain their management and operational independence, to obtain economies of scale by benefitting from shared specialist expertise, thereby focusing their resources on managing their respective businesses.

It should also be noted that:

- the disclosures required by art. 123-*bis*, paragraph one, letter i) (“agreements between the company and the directors ... providing for indemnities in the event of dismissal or termination without just cause or of their employment relationship is terminated following a public tender offer”) are provided in the section of the Report dealing with Directors’ remuneration (Section 9);
- the disclosures required by art. 123-*bis*, paragraph one, letter l) (“rules for the election and replacement of directors ... and for amendments to the articles of association, if different and supplementary to those established by the applicable laws and regulations”) are provided in the section of the Report dealing with the Board of Directors (Section 4.1).

3. COMPLIANCE (pursuant to art. 123-bis, paragraph 2, letter a) of the CFA)

Acotel Group SpA complies with the Corporate Governance Code available to the public on Borsa Italiana's website (www.borsaitaliana.com). It thus gives the reasons for its decision not to apply one or more of the Code's recommendations in this Report.

4. BOARD OF DIRECTORS.

4.1. ELECTION AND REPLACEMENT (pursuant to art. 123-bis, paragraph 1, letter l) of the CFA).

Art. 16 of the Articles of Association establishes that Board members are to be elected by slate vote.

“SECTION IV Management Article 16

The Company shall be managed by a Board of Directors consisting of not less than 3 and no more than 9 members to be elected by Ordinary General Meeting of shareholders.

Directors shall be elected for a period of three financial years, and their term of office shall expire on the date of approval of the financial statements for the last financial year of their term. Directors are eligible for re-election.

Directors shall be elected by Ordinary General Meeting on the basis of lists submitted by shareholders, on which candidates must be listed in consecutive numerical order. Only shareholders who hold, either singly or jointly with other shareholders, voting shares representing at least 2.5% of the issued share capital carrying the right to vote at Ordinary General Meetings shall have the right to submit lists, or, in the event of this percentage no longer being allowed by changes in the relevant legislation or regulations, the maximum permitted number shall apply. As proof of ownership of the number of shares required to submit lists, shareholders must present documentation certifying their ownership of the required number of shares at the registered office at least 2 days, excluding holidays, prior to the date of the General Meeting called to re-elect the Board.

Each shareholder may submit or vote for one list only, including by proxy or trust company. Each candidate may be included in one list alone on pain of ineligibility. The lists submitted must be deposited at the Company's registered office at least fifteen days before the date of the General Meeting in first call and must indicate the candidates, who must not be less than two, who qualify as independent as defined by law and /or the codes of conduct drawn up by the stock market regulator or trade associations. Proof of deposit must be provided in the form of a receipt issued by the entity appointed by the Company for this purpose.

Within the term for the deposit of the lists at the registered office, each list must be accompanied by a statement from each candidate declaring that they accept their candidacy and providing a personal warranty that there is no fact or deed that could give rise to their disqualification and that they meet the legal requirements for holding such office. Each candidate's declaration must be accompanied by a curriculum vitae, containing their personal and professional details and, where appropriate, confirmation that the candidate meets the legal requirements to qualify as an independent Director.

Any list that does not satisfy these requirements shall be deemed invalid.

All the candidates on the list that obtains the highest number of votes shall be elected to serve as Directors in the consecutive numerical order in which they are listed, with the exception of one candidate who shall be drawn, from among the candidates qualifying as independent under the law, from the list that obtains the second highest number of votes.

Should only one list be submitted, all the candidates on that list shall be elected Directors, subject to prior approval of the General Meeting.

Should no lists be submitted, or should it not be possible, for whatever reason, to elect the Directors following the above procedure, the General Meeting shall elect members of the Board by majority vote.”

The lists, accompanied by the candidates' personal details, are published on the Company's website in the "Investors" section.

4.2. COMPOSITION (pursuant to art. 123-bis, paragraph 2, letter d) of the CFA)

The Ordinary General Meeting of the Company's shareholders held in Rome on 24 April 2009 elected the following persons to serve as members of Acotel Group SpA's Board of Directors:

Francesco Ago;
Margherita Argenziano;
Claudio Carnevale;
Cristian Carnevale;
Raffaele Capiello;
Luca De Rita;
Giovanni Galoppi;
Giuseppe Guizzi;
Luciano Hassan.

At the above General Meeting, Claudio Carnevale was elected Chairman of Acotel Group SpA's Board of Directors.

All Acotel Group SpA's Directors, who will remain in office until the General Meeting called to approve the financial statements for 2011, were drawn from the single list submitted by the shareholder, CLAMA Srl, which was voted for by all the shareholders present at the General Meeting, representing 62.177% of the voting shares.

In view of the limited number of directorships or appointments as statutory auditors held by its members in other listed companies (including overseas), in finance companies, banks, insurance companies or large corporations (a detailed list is provided in the attached Table 4), the Board of Directors has not found it necessary to establish a maximum number of directorships or appointments as statutory auditors in such companies.

It is the individual responsibility of each Director to only accept the position when he or she believes they are able to dedicate sufficient time to the role and act and vote in full knowledge of the facts and independently.

Between 31 December 2009 and the date of preparation of this Report, there have been no changes in the composition of the Company's Board.

4.3. ROLE OF THE BOARD OF DIRECTORS (pursuant to art. 123-bis, paragraph 2, letter d) of the CFA)

Acotel Group SpA's Board of Directors met six times in 2009, with less than three months between each meeting: the Articles of Association do not establish a minimum frequency for Board meetings.

Attendance at Board meetings was 90.74%, if calculated on the basis of all Directors, and 100.00%, if based solely on independent Directors. The average duration of the meetings was 56.7 minutes.

The Financial Calendar for 2010, which has already been published, envisages that Board meetings will be held to approve the financial statements for the year ended 31 December (12 March 2010), the interim report for the six months ended 30 June 2010 (5 August 2010) and the quarterly reports for the three months ended 31 March 2010 (14 May 2010) and the nine months ended 30 September 2010 (12 November 2010). Other Board meetings will be called as the need arises.

Prior to each meeting, the Chairman of the Board shall ensure that all members of the Board are provided, in a timely manner, with the documentation and information required for the deliberation of proposed resolutions.

As it was not necessary to take major decisions during the meetings held in 2009, for reasons of confidentiality and urgency, information was only provided during the Board meetings called to deliberate on proposed resolutions.

No party external to the Board of Directors or the Board of Statutory Auditors took part in the Company's Board meetings in 2009.

The principal responsibilities of Acotel Group SpA's Board of Directors are:

- to examine and approve the strategic, business and financial plans of the Company and Group companies, the Company's corporate governance system and the structure of the Group;
- to assess the adequacy of the overall organisational and administrative structures of the Company and its largest subsidiaries;
- to assign, and eventually revoke, the powers of executive Directors, establishing the limits, the method of exercising such powers and the frequency, which should not be less than quarterly, with which they must report on their activities in carrying out the powers assigned to them;
- to fix, having examined the proposals of the remuneration committee and consulted the Board of Statutory Auditors, the remuneration of executive Directors and other Directors with key roles;
- to assess the overall operating performance, based on information received from executive officers, and periodically comparing the actual results with budget targets;
- to examine and approve transactions conducted by the Issuer and its subsidiaries, when such transactions are of significant strategic importance or have a significant impact on the Issuer's results of operations, the financial

position and cash flows, with particular regard to situations in which one or more Directors represent their own or third-party interests and, more generally, related party transactions;

- to assess, at least annually, the size, composition and functionality of the Board itself and any Board committees, if necessary suggesting professionals whose expertise may be of use to the Board.

The above roles are carried out during Board and Board Committee meetings, following reports by executive Directors. The checks carried out in 2009 did not reveal any critical issues to be included in this Report.

4.4. EXECUTIVE OFFICERS

Executive Directors and the Chairman of the Board

At its meeting of 7 May 2009, the Board of Directors elected the Chairman, Claudio Carnevale, to serve as Chief Executive Officer, granting him all the powers necessary to ensure effective and timely management of the Company.

At the same meeting, the Board of Directors, partly in view of adoption of Model 231, which expressly provides for an authorisation system in which powers, including those of signature, are assigned in accordance with organisational and management responsibilities, granted specific powers to the Directors, Margherita Argenziano and Luca De Rita, who, among other things, were granted authority to make payments or assume commitments on the Company's behalf for up to a maximum of 100,000 euros when signing severally, and for above that figure when signing jointly.

For the purposes of compliance with the regulations in force, members of the Board of Directors are classified as follows:

Executives:

- Claudio Carnevale: relative majority shareholder, Chairman and Chief Executive Officer;
- Margherita Argenziano: shareholder and Chief Executive Officer of subsidiaries;
- Cristian Carnevale: shareholder and a senior manager at a key investee company;
- Luca De Rita: Group Chief Financial Officer.

Non-executives:

- Francesco Ago;
- Raffaele Cappiello;
- Giovanni Galoppi;
- Giuseppe Guizzi;
- Luciano Hassan.

Independents:

- Francesco Ago;
- Raffaele Cappiello;
- Giuseppe Guizzi.

4.5. INDEPENDENT DIRECTORS

Francesco Ago and Prof. Giuseppe Guizzi qualify as independent in accordance with the “Corporate Governance Code for Listed Companies”, in that they do not engage, nor have they recently engaged, including indirectly, in relations with issuers such as to compromise their independence of judgement.

At its meeting of 7 May 2009, Acotel Group SpA’s Board of Directors assessed the independence of the Directors, Francesco Ago, Raffaele Cappiello and Prof. Giuseppe Guizzi, verifying the absence of all the instances mentioned in letters a) to h) of application criterion 3.C.1. of the Code, with the exception of, with regard to Francesco Ago alone, the instance mentioned in letter e) regarding positions held for more than nine years out of the last twelve.

The above exception, which was noted in the press release issued pursuant to the regulations in force, was deemed to be irrelevant for the following reasons: that, among other things, in the three years prior to his election, Francesco Ago was elected Lead Independent Director, and Chairman of both the Internal Audit and Remuneration committees; that compliance with the provisions of the Code is, in accordance with the Code itself, voluntary; that the absence of the instances listed in the application criterion 3.C.1. is not binding for the Board, which has the option of adopting additional or even alternative criteria, giving investors an appropriate and reasoned explanation; that the assessment of independence must be carried out more with regard to substance than to form; that the authority and independence of Francesco Ago do not appear in any way compromised by the fact that he has been a Director of the Company over the last nine years.

During its meeting of 7 May 2009, the Company’s Board of Statutory Auditors acknowledged the correct application of the assessment criteria and procedures adopted by the Board in assessing the independence of the Directors, Francesco Ago, Raffaele Cappiello and Giuseppe Guizzi.

The independent Directors met 3 times during the year in the absence of other Directors.

4.6. LEAD INDEPENDENT DIRECTOR

At the same meeting of 7 May 2009, in accordance with the recommendations of the Code when the Chairman of the Board is also the Chief Executive Officer, or when the Chairman is the person who controls the Issuer, the Board elected Francesco Ago to serve as Lead Independent Director with responsibility for:

- working with the Chairman and Chief Executive Officer in order to ensure that the Directors are kept fully and promptly informed;

- calling, independently or at the request of other Directors, meetings of independent Directors alone to discuss issues relating to the functioning of the Board or management of the Company;
- working with the Chairman to draw up the annual calendar of Board meetings;
- suggesting to the Chairman matters to be examined and discussed by the Board of Directors.

5. CORPORATE DISCLOSURES

The Board of Directors has approved an internal procedure for publishing documents and information regarding Acotel Group SpA and the Group of companies for which it is the holding company.

This procedure, drawn up on the basis of the principles set out in the “Guide for market disclosures” published by Borsa Italiana SpA in June 2002, defines price sensitive information and forward-looking statements, and provides a detailed description of the procedures to be followed for their disclosure outside the Company, and the persons concerned and their responsibilities.

The procedure also establishes the approach to be adopted by the Company’s management at General Meetings and during meetings with analysts and investors, or in the event of rumours regarding the share price or the Company.

The Procedure for Market Disclosures is available on the Company’s website in the “Investors” section.

6. BOARD COMMITTEES (pursuant to art. 123-bis, paragraph 2, letter d) of the CFA)

On 7 May 2009 the Board of Directors established the Remuneration Committee and the Internal Audit Committee, electing the independent Directors, Francesco Ago, Raffaele Cappiello and Prof. Giuseppe Guizzi, and the non-executive Director, Giovanni Galoppi, to serve on both committees.

Francesco Ago was elected Chairman of both the Remuneration Committee and the Internal Audit Committee.

The committees’ roles were defined by the Board and included in the resolution that established them. The Board may add to or alter the above roles by voting a new resolution.

Minutes are taken of committee meetings.

Committee members have access to information and corporate functions as required in order to carry out their roles. They may also make use of external consultants or invite third parties to attend committee meetings in relation to individual items on the agenda.

7. NOMINATIONS COMMITTEE

The Board of Directors has not yet established a Nominations Committee, believing that the Board itself is capable of identifying a candidate to co-opt, or to propose to the General Meeting, should it be necessary to replace an independent Director.

8. REMUNERATION COMMITTEE

The Remuneration Committee, elected on 7 May 2009, met twice: the first time to verify the ongoing validity procedures adopted within the Group for granting incentives to executive Directors and the chief executive officers of the Group's principal subsidiaries. The second to draw up proposals for the remuneration of the CEO to submit to the Company's Board.

On neither occasion did the Committee exercise the option to involve external consultants paid for by the Company.

The meetings were attended by all Committee members, and the average duration of the meetings was 55 minutes.

In 2009 members of the Remuneration Committee were all non-executive Directors, the majority of whom were independent: there were never less than three members.

The Chairman of the Board of Statutory Auditors and the Company's Chief Financial Officer were invited to attend the Committee meetings held in 2009.

9. REMUNERATION OF DIRECTORS

In accordance with the recommendations of the Remuneration Committee in the proposal specifically submitted to the Board, and accepted by it, a significant portion of the remuneration of the Company's CEO is linked to the Group's earnings performance and ACOTEL's share price.

Although the Remuneration Committee is informed about pay levels within the Group, it has not so far been involved in fixing the remuneration of staff, which is fixed in accordance with the powers assigned: the pay of all the Group's key managers in individual subsidiaries includes a variable portion linked, as suggested by Acotel Group SpA's Remuneration Committee, to the earnings performance of the company they manage.

There are no share-based incentive plans for executive Directors or key managers.

The Board of Directors' fees of 135,000 euros, as fixed by the General Meeting, are allocated, in accordance with the related shareholder resolution, equally among the Directors, who receive 15,000 euros each.

There are no share-based incentive plans for non-executive Directors.

Indemnities to be paid to Directors in the event of resignation, dismissal or termination of employment following a public tender offer (pursuant to art. 123-bis, paragraph 1, letter i) of the CFA).

There are no agreements between the Issuer and the Directors providing for the payment of indemnities in the event of resignation or dismissal/revocation without just cause or termination of employment following a public tender offer.

10. INTERNAL AUDIT COMMITTEE

The Internal Audit Committee, elected on 7 May 2009, met six times: the meetings were attended by all Committee members, and the average duration of the meetings was 67.5 minutes.

On none of the above occasions did the Committee exercise the option to involve external consultants paid for by the Company.

During 2010, prior to the date of preparation of this Report, the Internal Audit Committee met once to fulfil the role conferred on it by the Board, which is to assist the Board in preparing this Corporate Governance Report.

In 2009 members of the Remuneration Committee were all non-executive Directors, the majority of whom were independent: there were never less than three members.

In establishing the Internal Audit Committee, the Board of Directors ensured, via the participation of Giovanni Galoppi, a chartered accountant and a statutory auditor at other joint-stock companies, that the principle requiring at least one member of the Committee to have had adequate experience in the accounting and financial sector was complied with.

The Chairman of the Board of Statutory Auditors and the Company's Chief Financial Officer, and on one occasion representatives of the independent auditors, were invited to attend the Committee meetings held in 2009.

Functions assigned to the Internal Audit Committee

In the resolution establishing the Committee, the Board assigned the Internal Audit Committee responsibility for assisting it in:

- defining guidelines for the internal control system, so that the principal risks to which the Company and its subsidiaries are exposed are correctly identified, and adequately measured, managed and monitored, also establishing criteria for assessing the compatibility of these risks with the sound and proper management of the Company;

- identifying an executive Director to oversee the functioning of the internal control system;
- assessing, at least annually, the adequacy, effectiveness and effective functionality of the internal control system;
- describing, in the corporate governance report, the essential elements of the system, expressing its opinion on its overall adequacy.

The Board of Directors has also assigned the Internal Audit Committee responsibility for:

- assessing, together with the manager responsible for financial reporting and the independent auditors, the correct use of accounting standards, including by subsidiaries for the purposes of preparing the consolidated financial statements;
- expressing, at the request of the executive Director with responsibility for overseeing the system, opinions on specific aspects regarding identification the principal business risks and the design, implementation and management of the internal control system;
- carrying out further responsibilities assigned by the Board of Directors;
- reporting to the Board, at least every six months, at the time of approval of the annual and interim financial statements, on the activities carried out and on the adequacy of the internal control system.

Based on their importance for the activities of the Statutory Auditors, the Board of Statutory Auditors has, on the other hand, been assigned responsibility for:

- examining the work plans prepared by the head of the internal audit department and the periodic reports prepared thereby;
- assessing the proposals put forward by auditing firms with a view to their appointment as independent auditors, the work plans prepared for their audit and the results contained in the related report and in any suggestions;
- monitoring the effectiveness of the auditing process.

The Chairman or another member of the Board of Statutory Auditors takes part in meetings of the Internal Audit Committee.

11. INTERNAL CONTROL SYSTEM

INTRODUCTION

In designing its risk management and internal control system for financial reporting purposes (hereinafter the “System”), the ACOTEL Group has used international best practice with the aim of significantly mitigating risks by ensuring the dependability, reliability, accuracy and timeliness of the Group’s financial reporting.

The CoSO Report, to which Borsa Italiana’s Corporate Governance Code also refers, represents the framework for the Internal Control System adopted by the ACOTEL Group, and the benchmark applied in establishing, maintaining and monitoring each component of the control system, at the various organisational levels.

The Company has devised and implemented a series of reliable administrative and accounting procedures, so as to guarantee a high standard of internal control system for financial reporting purposes. These procedures have been communicated to all staff and sent to all the principal overseas subsidiaries for adoption and adaptation to local situations.

The structure of the Internal Control System is as follows:

- a Code of Ethics, adopted by the Company's Board of Directors from 28 March 2008, with the aim of promoting and disseminating the principles of legality, loyalty, fairness and transparency as the basis for the conduct of the Group's business. The Code applies to all the Group's Italian companies;
- implementation of an "Organisational and Management Model pursuant to Legislative Decree 231/01" (hereinafter the "231 Model"), adopted from 2008, and the applicable disciplinary system, and establishment of the Supervisory Board with responsibility for overseeing the Model and its updating;
- adoption of the Borsa Italiana SpA's Corporate Governance Code for listed companies, which applies national and international best practice in relation to corporate governance for listed issuers;
- definition and communication of the powers of authorisation and signature;
- definition of appropriate administrative and accounting procedures, with suitable control mechanisms (balancing, reporting mechanisms, reconciliations, etc.);
- definition and communication of a financial calendar for interim and annual reporting;
- documentation and traceability of transactions and the controls conducted;
- an information flow requiring the heads of the various businesses and the CFOs of subsidiaries to provide assurance to the manager responsible for financial reporting;
- establishment of an Internal Audit department.

COMPONENTS OF THE SYSTEM

Risk identification and assessment

The Company has recently launched a specific project relating to the overall risk management system, with the aim of assessing the risks that have most impact on the Group's ability to achieve its objectives, including in terms of financial reporting. The project aims to rationalize the process of assessing risks that may, potentially, compromise the achievement of the Group's objectives (strategic, operating, compliance targets, etc) as a result of external events (for example, changes in the business environment, regulatory and/or technological developments, etc.) and/or internal events (for example, organizational changes, etc.), with the goal of improving the Internal Control System and "protecting" the Company's net worth.

With regard to financial reporting, periodic risk assessment has the purpose of identifying, based on quantitative analysis and in accordance with qualitative evaluations and parameters:

- the consolidated Group companies to be included in the analysis;

- key processes, in terms of inherent risk, involved in preparation of the consolidated accounts, for each operating company identified;
- identification, for each key process, of the specific risks for financial reporting.

Identification of risks and the related controls is carried out with respect to the controls relating to both the information in the financial statements (for example, existence and occurrence, full disclosure, rights and obligations, measurement and recognition, presentation and disclosure), and other control objectives (for example, compliance with authorization limits, the separation of operational roles and responsibilities from control functions, physical security and safeguards for the Company's net worth; the documentation and traceability of transactions, etc.).

Identification of controls

The risk maps used by the Company consist of tables (the Risk Control Matrices) that describe, for each process, the identified risks and the associated types of control applied (manual/automatic, preventive/detective, frequency, etc.).

Should, following identification of the scope of action, key processes or activities that are entirely or partly excluded from the existing body of administrative and accounting procedures be identified, the relevant departments must take steps, in coordination with the manager responsible for financial reporting, to add to existing procedures and/or draw up new procedures.

The periodically updated control matrices are used as the basis for periodic testing with the aim of assessing and monitoring both the form and the effectiveness of existing controls.

Assessment of controls and the monitoring process

The process of assessing the System is carried out when preparing the annual and half-year financial statements.

Testing takes place continuously throughout the year at the indication of and in coordination with the manager responsible for financial reporting, who is supported by the Internal Audit department and/or appropriate external consultants.

The audit report, which is passed on to the heads of the departments involved, is sent to senior management. The Internal Audit Committee, Supervisory Board and Board of Statutory Auditors receive periodic reports during the meetings called by these bodies, during which information is provided on the activities carried out, the outcomes of controls, the action plans adopted by management in order to implement any improvements identified during the control process and the results of follow-up checks. The Internal Audit Committee and Supervisory Board report to the Board of Directors every six months.

ROLES AND FUNCTIONS INVOLVED

The person in charge of the Risk Management and Internal Control System for financial reporting purposes is the manager responsible for financial reporting, who, appointed by the Board of Directors, in consultation with the CEO, is responsible for designing, implementing and approving the Accounting and Administrative Control Model, and assessing its application, issuing attestations on the half-year and annual separate and consolidated financial statements. The manager responsible for financial reporting is also responsible for preparing adequate administrative and accounting procedures for preparation of the separate and consolidated financial statements, and for providing subsidiaries, deemed significant within the scope of preparation of the Group's consolidated financial statements, with instructions on how to assess their own internal audit systems.

In carrying out his role, the manager responsible for financial reporting:

- interacts with the Head of Internal Control and of the Internal Audit department, who conduct independent checks on the functionality of the control system and support the manager responsible for financial reporting in monitoring the System;
- coordinates the activities of the CFOs of the principal subsidiaries, who, together with the appointed bodies, are responsible for implementing appropriate internal control systems within their own companies, in order to monitor their administrative and accounting processes and assess their effectiveness over time, reporting the results to the Parent Company via an internal assurance process;
- exchanges information with the Internal Audit Committee and the Board of Directors, reporting on the activities carried out and the adequacy of the Internal Control System.

Finally, the manager responsible for financial reporting reports to the Board of Statutory Auditors and the Supervisory Board on the adequacy and reliability of the administrative and accounting system.

Overall assessment of the adequacy of the Internal Control System

Based on the information and evidence gathered by the manager responsible for financial reporting, with the support of the Internal Audit department, by the Head of Internal Control and by the Internal Audit Committee, the Board of Directors believes that the existing Internal Control System is, in general, capable of ensuring, with reasonable certainty, achievement of the Company's objectives.

In that it refers to the Internal Control System as a whole, the assessment is subject to the limits inherent in the system itself. Whilst well conceived and functional, the Internal Control System can only guarantee with “reasonable certainty” achievement of the Company’s objectives.

11.1. EXECUTIVE DIRECTOR RESPONSIBLE FOR THE INTERNAL CONTROL SYSTEM

At the proposal of the Internal Audit Committee, the role of executive Director responsible for the internal control system has been assigned to Luca De Rita, who has thus been given the following tasks:

- to oversee identification of the main business risks, taking account of the nature of the activities of the Issuer and its subsidiaries, and report on such risks to the Board of Directors;
- to implement the guidelines drawn up by the Board of Directors, proceeding to design, implementation and management of the internal control system, verifying its adequacy, effectiveness and efficiency on an ongoing basis, and modifying the system in response to changes in the operating environment and the legislative and regulatory context;
- to report to the Internal Audit Committee and the Board of Statutory Auditors on the nature of the internal control and risk management system adopted by the Company and on the activities of the Head of Internal Control.

Luca De Rita reports continuously to both the Internal Audit Committee, whose meetings he is always invited to attend, and the Board of Statutory Auditors and Supervisory Board, assisting them in their audit and oversight activities by providing the information requested. He also reports to the independent auditors, with whom he engages regularly as part of their audit activities.

11.2. HEAD OF INTERNAL CONTROL

The role of Head of Internal Control is, again at the indication of the Internal Audit Committee, assigned to the executive Director, Margherita Argenziano, who thus:

- verifies that the internal control system is always adequate, fully operational and functioning;
- reports to the executive Director responsible for the internal control system on the manner in which risk management is conducted, expressing her opinion on the ability of the internal control system to ensure an acceptable overall risk profile.

By virtue of her role as a Director and the authority granted to her by the Company’s Board, the Head of Internal Control does not report to anyone with operational responsibilities, has direct access to all the information required in order to fulfil her responsibilities, and is sufficiently independent and has adequate means to carry out her functions effectively.

In carrying out the assigned tasks, the Head of Internal Control is assisted by the Internal Audit department she heads. Certain staff in this department are being prepared to take over direction of the department within a relatively short period of time.

11.3. ORGANISATIONAL MODEL pursuant to Legislative Decree 231/2001

Acotel Group SpA's Internal Control System was formalised by the Board of Directors at its meeting of 28 March 2008, resulting in adoption of the document named the "Organisational, Management and Control Model". This is accompanied by a series of attachments governing the different key components:

- *List of Crimes;*
- *Organisational Chart and Function Chart;*
- *List of Procedures;*
- *Code of Ethics;*
- *Disciplinary System;*
- *Regulations of the Supervisory Board.*

In particular, the List of Crimes identifies the following offences for which the Company may be liable:

- crimes committed in the course of transactions with government entities;
- electronic crimes and illegal processing of data;
- crimes committed in the course of transactions with government entities;
- accounting fraud;
- corporate crimes;
- terrorist acts or the subversion of democracy as provided for by the penal code and special laws;
- female genital mutilation;
- crimes against the person;
- crimes of manslaughter and actual and grievous bodily harm, committed in violation of accident prevention and health and safety at work legislation;
- the handling, laundering and use of stolen money, goods or utilities;
- transnational crimes.

Following enactment of Law 94 of 15 July 2009, which added art. 24 *bis* to Legislative Decree 231/2001, the List of Crimes was extended to include the following offences:

- criminal conspiracy;
- organised crime, including foreign organisations;
- electoral fraud;
- kidnapping for the purpose of robbery or extortion;
- drug trafficking.

At the same meeting of 28 March 2008, the Board of Directors, in implementation of the provisions of Legislative Decree 231/2001 and the guidelines established by

Confindustria (the Confederation of Italian Industry), and in compliance with the requirements of independence, professionalism and continuity of action, elected ACOTEL GROUP SpA's Supervisory Board. This is a collegiate body with three members, based on the fact that the majority of entities has opted for such a form and in view of the vast number of responsibilities assigned to it.

11.4. INDEPENDENT AUDITORS

The auditing firm appointed to audit Acotel Group SpA's consolidated and separate financial statements is Deloitte & Touche SpA, which was appointed by the General Meeting of 28 April 2006 for the six financial years from 2006 to 2011.

11.5. MANAGER RESPONSIBLE FOR FINANCIAL REPORTING

At its meeting of 7 May 2009, the Board of Directors confirmed Luca De Rita's appointment as the manager responsible for Acotel Group SpA's financial reporting.

The Articles of Association in force require the manager to have long-term experience in administration, finance and control and to meet the integrity requirements for Directors provided for by law.

As he is also a member of the boards of directors of the Company and its principal subsidiaries, and Acotel Group SpA's CFO, the manager responsible for financial reporting has sufficient powers to carry out his assigned tasks.

12. DIRECTORS' INTERESTS AND RELATED PARTY TRANSACTIONS

The Directors are aware that whenever they have, on their own behalf or on behalf of third parties, an interest, even only potential or indirect, in transactions of any type entered into by the Company, or the Group, they must promptly and fully inform the Board of the existence of the interest and the related circumstances.

Should the nature of the transaction so require, the Board of Directors may decide to ask the Internal Audit Committee to express an opinion on it, or request the assistance of independent experts to assess if the transaction was concluded in the effective interests of the Company and on an arm's length basis.

A similar procedure is followed in assessing related party transactions that do not fall within the ordinary operations of Acotel Group companies.

The reports on operations of the Group and Acotel Group SpA provide full information on related party transactions carried out by consolidated companies and the Parent Company.

13. ELECTION OF STATUTORY AUDITORS

The procedure for the election of Statutory Auditors is described in article 25 and 26 of the Articles of Association.

In particular:

“SECTION V
Board of Statutory Auditors
Article 26

...

Statutory Auditors shall be elected on the basis of lists submitted by shareholders, on which candidates must be listed in consecutive numerical order. The lists shall consist of two sections: one for candidates for the position of standing Auditor, the other for candidates for the position of alternate Auditor.

Only shareholders who hold, either singly or jointly with other shareholders, voting shares representing at least 3% of the issued share capital carrying the right to vote shall have the right to submit lists, or, in the event of this percentage no longer being allowed by changes in the relevant legislation or regulations, the maximum permitted number shall apply.

No shareholder, or group of shareholders, may submit more than one list, including by proxy or trust company, and they cannot vote for more than one list.

Each candidate may be included in one list alone on pain of ineligibility.

Candidates who already hold positions as Statutory Auditors in a further five listed companies, excluding subsidiaries, or in a number of companies that exceeds the maximum limit established by law or the related regulations, or who do not meet the integrity and professional requirements established by the applicable legislation, cannot be included in the lists.

The lists must be deposited at the registered office at least fifteen days prior to the date of the General Meeting to be held in first call and this must be mentioned in the notice of call. Proof of deposit must be provided in the form of a receipt issued by the entity appointed by the Company for this purpose.

Within the above term, each list must be accompanied by a statement from each candidate declaring that they accept their candidacy and providing a personal warranty that there is no fact or deed that could give rise to their disqualification and that they meet the legal requirements for holding such office.

Each candidate's declaration must be accompanied by a curriculum vitae, containing their personal and professional details and a list of directorships and positions as statutory auditor held in other companies.

Any list that does not satisfy these requirements shall be deemed invalid.

The procedure for electing Statutory Auditors is as follows:

- two standing Auditors and one alternate Auditor shall be drawn from the list that obtains the highest number of votes at General Meeting, based on the consecutive numerical order in which they are listed in the two sections of the list;

- the remaining standing Auditor and alternate Auditor shall be drawn from the list that obtains the second highest number of votes at General Meeting, based on the consecutive numerical order in which they are listed in the two sections of the list.

The Chairman of the Board of Statutory Auditors is drawn from the list candidates that obtains the second highest number of votes.

Should only one list be submitted, the standing and alternate Auditors shall be drawn from that list, subject to prior approval of the General Meeting: the Chairman of the Board of Statutory Auditors shall be the first candidate on this sole list.

Should a Statutory Auditor no longer meet the requirements of the law and the Articles of Association, the Auditor's appointment shall be terminated.

In the event of replacement of a Statutory Auditor, the alternate Auditor from the same list as the Auditor being replaced shall take over.

If the Board of Statutory Auditors is not able to replace the Statutory Auditor whose appointment has been terminated as above, or if the appointments of two or more Statutory Auditors are terminated, the entire Board of Statutory Auditors shall be terminated, and the Board of Directors shall call an urgent General Meeting to elect a new Board of Statutory Auditors.

The General Meeting called to re-elect the Board of Statutory Auditors pursuant to the law shall proceed in such a way as to respect the above principle of minority representation.”

The lists of candidates for the position of Statutory Auditor, accompanied by the candidates' personal details, are published on the Company's website in the "Investors" section.

14. STATUTORY AUDITORS

Acotel Group SpA's Board of Statutory Auditors was elected by the Annual General Meeting held at the registered office in Rome on 24 April 2009. It consists of the following members:

Antonio Mastrangelo;
Umberto Previti Flesca;
Maurizio Salimei.

During the above General Meeting, Antonio Mastrangelo was elected Chairman of Acotel Group SpA's Board of Statutory Auditors.

All Acotel Group SpA's Statutory Auditors, who will remain in office until the Annual General Meeting called to approve the financial statements for the year ended 31 December 2011, were drawn from the single list submitted by the shareholder, CLAMA Srl, which was voted for by all the shareholders present at the General Meeting, representing 62.177% of the voting shares.

Attendance by the Statutory Auditors at the 6 Board of Directors' meetings held in 2009 was 88.89%, whilst all members took part in the 5 audits carried out by the Board of Statutory Auditors during the same period. The average duration of the Board of Statutory Auditors' meetings held during the year was 180 minutes.

During 2010, prior to the date of preparation of this Report, the Company's Board of Statutory Auditors held one meeting and there have been no changes in its composition.

At its meeting of 29 January 2010, the Board of Statutory Auditors proceeded to verify that its members continue to satisfy the independence requirements provided for in the Corporate Governance Code, verifying the absence of all the instances mentioned in letters a) to h) of application criterion 3.C.1. of the Code, with the exception of, with regard to Antonio Mastrangelo and Umberto Previti Flesca, the instance mentioned in letter e) regarding positions held for more than nine years out of the last twelve.

In part based on the interpretation applied when assessing the independence of the independent Directors, the above exception was deemed to be irrelevant for, among other things, the following reasons: that compliance with the provisions of the Code is, in accordance with the Code itself, voluntary, that the absence of the instances listed in the application criterion 3.C.1. is not binding for the Board of Statutory Auditors, which has the option of adopting additional or even alternative criteria, giving investors an appropriate and reasoned explanation; that the assessment of independence must be carried out more with regard to substance than to form; that the authority and independence of Antonio Mastrangelo and Umberto Previti Flesca do not appear in any

way compromised by the fact that they have been Statutory Auditors at the Company over the last nine years.

The Statutory Auditors are aware that they must act independently, including in respect of the shareholder by whom they were elected and that whenever they have, on their own behalf or on behalf of third parties, an interest in a transaction carried out by the Issuer they must promptly and fully inform the other Statutory Auditors and the Chairman of the Board of Directors regarding the nature, terms, origin and scope of their interest.

The Board of Statutory Auditors monitors the independence of the independent auditors, verifying both compliance with the related regulations, and the nature and entity of the services, other than the audit, provided to Group companies by the independent auditors and their associates.

The Statutory Auditors work with the Internal Audit department and the Internal Audit Committee, with whom they engage in prompt exchanges of opinion, in addition to direct meetings whenever the need arises, including during audits carried out by the Board of Statutory Auditors or via the attendance of a Statutory Auditor at meetings of the above Committee.

15. SHAREHOLDER RELATIONS

In order to ensure quick and easy access to shareholder information the Company has created an “Investors” section on its website, www.acotel.com, where all the information held to be essential in order for shareholders to consciously exercise their rights is promptly made available.

In addition, responsibility for Investor Relations has been assigned to Carlo Ficini, who is responsible for relations with shareholders, institutional investors, the financial press and other stakeholders. He reports directly to the Chief Executive Officer.

The Company organises meetings with analysts, investors and members of the press, which are held at least every six months. The meetings are used to present current and future operating strategies and the financial results. All requests for one-to-one meetings from representatives of institutional investors are satisfied.

16. GENERAL MEETINGS OF SHAREHOLDERS

The Articles of Association governing the conduct of General Meetings of Acotel Group SpA’s shareholders are numbers 9 to 14, which are reproduced below.

The Directors must, without delay, call a General Meeting when requested to do so by shareholders representing at least a tenth of the share capital and details of the agenda are included in the request.

It is not possible for shareholders to request that a General Meeting be called to discuss matters that are, by law, dealt with at the proposal of the Directors or on the basis of a project or report prepared by them.

General Meetings shall be called, in both ordinary and extraordinary session, every time the Board of Directors deems it necessary and when provided for by law.

Notices of General Meetings shall be published in the Official Gazette of the Italian Republic and in the daily newspaper, "Il Sole 24ore", in accordance with the terms established by law. The Notice may indicate another date for the Meeting to be held in second call.

From the date and throughout the period that the Company is admitted to listing on regulated markets, in Italy or overseas, an Extraordinary General Meeting may be reconvened in third call, pursuant to article 126, paragraph two of Legislative Decree 58 of 24 February 1998, within 30 (thirty) days if the shareholders attending the Meeting in second call do not meet the required quorum. In this case the term established by article 2366, paragraph two of the Civil Code is reduced to 8 (eight) days.

Shareholders have the right to view all the documents deposited at the registered office for General Meetings previously called and to obtain a copy at their own expense.

Article 10

Ordinary General Meetings held in first and second call are valid if they meet the quorum required by law.

Extraordinary General Meetings held in first and second call are valid if the shareholders in attendance represent, respectively, more than half or more than third of the share capital.

Ordinary and Extraordinary General Meetings that have been reconvened in third call shall be valid if they meet the same quorum established for Meetings held in second call.

From the date and throughout the period that the Company is admitted to listing on regulated markets, in Italy or overseas, an Extraordinary General Meeting shall be valid in first and second call when the shareholders attending the Meeting represent the percentages of the share capital indicated, respectively, in articles 2368, final paragraph and 2369, paragraph three of the Civil Code.

From the date and throughout the period that the Company is admitted to listing on regulated markets, in Italy or overseas, an Extraordinary General Meeting may be reconvened in third call within 30 (thirty) days if the shareholders attending the Meeting in second call do not meet the required quorum. In this case, the term for publication of the Notice of General Meeting in the Official Gazette and in the daily newspaper, "Il Sole 24ore", is reduced to 8 (eight) days, pursuant to article 126, paragraph two of Legislative Decree 58 of 24 February 1998, and the Extraordinary General Meeting shall be valid if the shareholders in attendance represent at least a fifth of the share capital, pursuant to article 2369, final paragraph of the Civil Code.

Article 11

Resolutions shall be passed by Ordinary General Meeting in first, second and subsequent call by majority vote, as required by law. Resolutions shall be passed by Extraordinary General Meeting in first call with the approval of shareholders representing more than half of the share capital. Resolutions shall be passed by Extraordinary General Meeting in second and subsequent call with the approval of shareholders representing at least two-thirds of the share capital represented at the Meeting.

Approval of resolutions regarding amendments to the business purpose, the conversion or early winding up of the Company, extension of the Company's term, revocation of its liquidation, transfer of its registered office overseas and the issue of preference shares in second or subsequent call requires the approval of shareholders representing more than a third of the share capital.

From the date and throughout the period that the Company is admitted to listing on regulated markets, in Italy or overseas, resolutions shall be passed by Extraordinary General Meeting held in first, second and third call with the approval of shareholders representing at least two thirds of the share capital represented at the Meeting.

Article 12

A General Meeting, validly held under the law, represents all shareholders and the resolutions passed in accordance with the law and these Articles of Association shall be binding for all shareholders whether not in attendance or dissenting.

Article 13

The right to speak at General Meetings is extended to shareholders entered in the shareholder register who, at least two days, excluding holidays, prior to the date of the General Meeting deposited their shares at the registered office, or with the entities or institutions indicated in the Notice of General Meeting.

Each shareholder who has the right to attend a General Meeting may appoint a proxy in writing, in accordance with the laws in force. The Chairman of the General Meeting shall ascertain the validity of each form of proxy and of the right of attendance, in general.

Article 14

General Meetings shall be presided over by the Chairman of the Board of Directors and, in his absence, by the Deputy Chairman, of elected, or by the CEO or, in his absence, by another person elected by the General Meeting itself.

The Chairman of the General Meeting, if necessary assisted by specially appointed persons, shall verify that the General Meeting meets the required quorum, ascertain the identity and right to attend of those present, chair the discussion, establish the order of discussion and the voting procedures, bring the Meeting to order, and check the results of the votes. The outcome of these checks must be recorded in the minutes.

The Chairman shall be assisted by a Secretary elected on each occasion by the General Meeting, at the non-binding suggestion of the Chairman.

The election of a Secretary is not required when the minutes of the General Meeting are prepared by a Notary.”.

The Board of Directors takes steps to:

- facilitate the participation of shareholders at General Meetings, programming them in locations, on dates and at times that will make it easier to attend;
- reduce the restrictions and requirements that make it difficult for shareholders to speak during a General Meeting and exercise their voting rights;
- be physically present during General Meetings so that shareholders can ask direct questions about their activities, above all those with executive roles;
- comply with the Company’s obligation to not disclose price sensitive information to shareholders, without a concomitant market disclosure.

At the Annual General Meeting of 24 April 2002, shareholders approved Acotel Group SpA’s General Meeting Regulations, which are also available on the Company’s website (<http://www.acotel.com/upload/1269277769.pdf>). The Regulations aim to ensure the orderly and efficient conduct of the Company’s Ordinary and Extraordinary General Meetings and guarantee the right of all shareholders to speak on items on the agenda.

The above Regulations, which are not contained in an appendix to the Articles of Association, specify, among other things, the maximum duration of each speech, their order, the method of voting and the Chairman’s powers in bringing the meeting to order.

The Board of Directors reports to the General Meeting on the activities carried out and planned, and publishes documentation relating to each item on the agenda on the Company’s website, supplying, if necessary during the General Meeting, information requested by shareholders, so that they can vote on the related resolutions in full possession of the relevant facts.

Despite the fact that ACOTEL’s share price rose by approximately 74% during 2009, the Board decided not to propose to the General Meeting to make amendments to the Articles of Association regarding the percentages established in respect of the exercise of rights and the prerogatives designed to safeguard minorities.

17. FURTHER ASPECTS OF CORPORATE GOVERNANCE (pursuant to art. 123-bis, paragraph 2, letter a) of the CFA)

There are not further aspects of corporate governance to describe in this Report.

18. SUBSEQUENT EVENTS

- l'impegno di Clama S.r.l. e Clama S.A. a fare in modo che, nel contesto delle più ampie operazioni da compiersi ai sensi dell'Accordo alla Data di Esecuzione, un soggetto, previamente designato da ISP e rispetto al quale Clama S.r.l. e Clama S.A. abbiano manifestato il rispettivo gradimento che potrà essere negato solo nel caso in cui tale soggetto non sia un lavoratore dipendente di ISP e ricopra incarichi amministrativi, dirigenziali o di consulenza stabile in società terze concorrenti di Acotel, assuma la carica di consigliere di amministrazione di Acotel;
- l'impegno di Clama S.r.l. e Clama S.A. a fare in modo che, durante il periodo intercorrente tra la sottoscrizione dell'Accordo e la Data di Esecuzione, Acotel non compia "Operazioni Societarie" quali fusioni, incorporazioni, riclassificazioni o ristrutturazioni societarie, conferimenti, frazionamenti del capitale, scissioni, trasformazioni, capitalizzazioni o ri-capitalizzazioni, riduzioni del capitale, spin off, acquisizioni di azioni partecipazioni, distribuzione di dividendi, raggruppamento di azioni, creazione di classi ag-

giuntive di azioni o altre operazioni societarie di simile natura o eventi attinenti ad Acotel e/o al suo capitale che abbiano per effetto, e che comunque determinino (a) il cambiamento, la conversione, o il scambio delle azioni Acotel (ivi incluse le Azioni Proprie) esistenti alla data in cui l'Operazione Societaria abbia luogo, in, per o con un differente numero, tipo o categoria di titoli e/o altri strumenti partecipativi del capitale della stessa Acotel o di altra società, e/o (b) un aumento o una riduzione delle Azioni Proprie per effetto della quale la percentuale di capitale sociale di Acotel rappresentata dalle Azioni Proprie risulti, per effetto dell'aumento, pari o superiore al 5% (cinque per cento) e, per effetto della riduzione, inferiore al 4% (quattro per cento);

- l'impegno di Clama S.r.l. e Clama S.A. a mantenere il "Controllo" di Acotel dove per "Controllo" si intende quello definito ai sensi dell'articolo 93 del TUF;
- l'impegno degli Aderenti, valido ed efficace qualora successivamente alla Data di Esecuzione si renda necessario, per qualsiasi ragione, sostituire, rimpiazzare o modificare la composizione del consiglio di amministrazione di Acotel, sia (a) votare affinché detto consiglio sia composto da 9 membri; (b) presentare una lista comune ("Lista Comune") e votare esclusivamente per tale lista; e (c) designare e identificare, all'interno della lista comune, i candidati in maniera tale per cui (x) i primi 7 candidati, di cui il 1° destinato ad assumere le funzioni di presidente del consiglio di amministrazione di Acotel e il 6° e il 7° dotati dei requisiti di indipendenza richiesti dalla legge, siano espressione congiunta di Clama S.A. e Clama S.r.l.; (y) l'8° candidato sia espressione di ISP e (z) il 9° candidato sia espressione congiunta di Clama S.A. e Clama S.r.l. Resta inteso che, qualora siano state presentate più di una lista e la Lista Comune abbia ottenuto il maggior numero di voti, il 9° (nono) amministratore, che, in Lista Comune, sarà nominato con le modalità indicate in statuto (i.e., nell'ambito della lista di minoranza che abbia ottenuto il maggior numero di voti). Qualora, per qualsiasi ragione, non sia possibile procedere alla nomina degli amministratori a mezzo del meccanismo di voto di lista, gli Aderenti voteranno nell'assemblea generale dei soci di Acotel affinché il consiglio di amministrazione sia composto come segue:
 - 8 amministratori, di cui 1 con funzioni di presidente del consiglio di amministrazione di Acotel e 2 indipendenti, nominati su designazione congiunta di Clama S.A. e Clama S.r.l.;
 - 1 amministratore, nominato su designazione di ISP.

In aggiunta a quanto sopra stabilito, gli Aderenti faranno tutto quanto in loro potere affinché, qualora un amministratore designato da un Aderente (o da più Aderenti congiuntamente) sia eletto e, successivamente, si dimetta, o altrimenti cessi dalla carica, il nuovo amministratore sia designato dall'Aderente (o dagli Aderenti congiuntamente) che aveva(n) designato l'amministratore uscente.

Qualora ISP riduca, per qualsiasi ragione, la propria partecipazione al capitale sociale di Acotel al di sotto del 2%, gli obblighi di cui ai punti (iii) e (iv) che precedono cesseranno di avere efficacia.
